1.Introduction

1.1 Purpose of this manual

This manual is designed to provide you with an understanding of the Cancer Patient Details Application Software. The manual lists the various features and functions that are available whilst assisting you in carrying out each task with step by step instructions and guidance. Visual screens are captured to improve clarity and understanding of a function.

1.2 Who should use this manual

This manual is intended for

- ❖ Hospital User

1.3 Prerequisites

User should have a basic understanding of using a computer, keyboard and mouse. In addition, being able to understand basic functions of a web browser will be beneficial as well as elements such as pop-up windows. In some cases, more than one web page may be open; USER should have knowledge of using and navigating to a different 'Tab' when required. Many of the terms and functions however are common across the Software including buttons such as 'Add', 'Save', 'Update' and 'Show'.

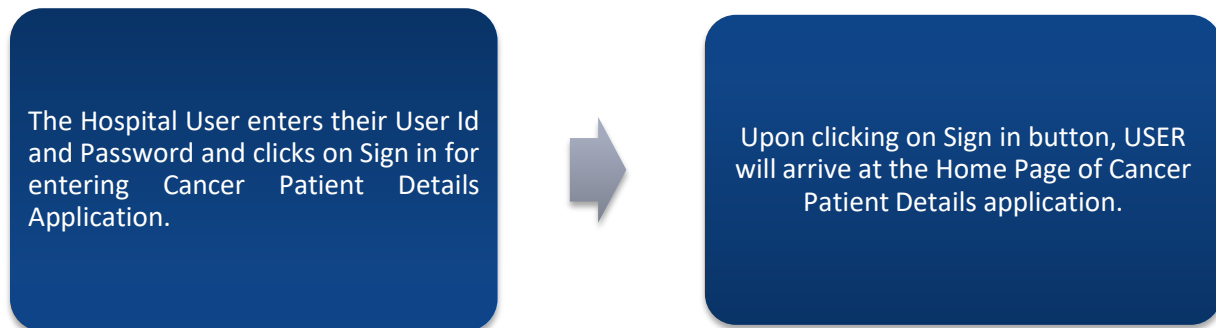

1.4 Structure of this manual

This manual will be organized in line with the Software menu screen and in the same hierarchical structure. Chapters within this manual are sequenced in the same order as the main menu headings and have the precise title names as the headings.

2.Login

This section of the User manual describes how a USER will log-in to the Cancer Patient Details application. Details are elaborated in 2.2.

2.1 Process Flow

2.2 Detailed Steps

- ❖ The Hospital User enters their User Id and Password and clicks on Sign in for entering Cancer Patient Details Application.
- ❖ Upon clicking on Sign in button, USER will arrive at the Home Page of Cancer Patient Details application.

2.3 Screenshot View

The Hospital User enters their User Id and Password and clicks on Sign in for entering Cancer Patient Details Application.

3.5 Follow Up

This section User manual describes how User enters follow up of the entered cancer patient. Detailed procedures are described in 3.4.2.

3.5.1 Process Flow

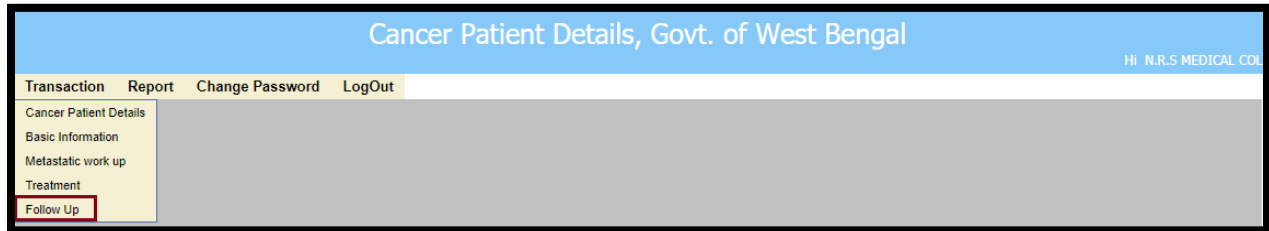

3.5.2 Detailed Steps

- ❖ User will click on 'Follow-up' from Transaction main menu.
- ❖ Clicking on 'Follow-up', User will be redirected to the 'Follow-up' page.
- ❖ User will first select patient ID and selects patient type.
- ❖ After select patient type, user will enter follow-up date and selects type of follow-up.
- ❖ After selecting type of follow-up, User will select Outcome of the patient.
- ❖ After selecting outcome, User will enter outcome date and press save button.
- ❖ Clicking on save button, a pop up will arises for its confirmation. User will click on ok button which saves the follow-up of the patient.

3.5.3 Screenshot View

User will click on 'Follow-up' from Transaction main menu.

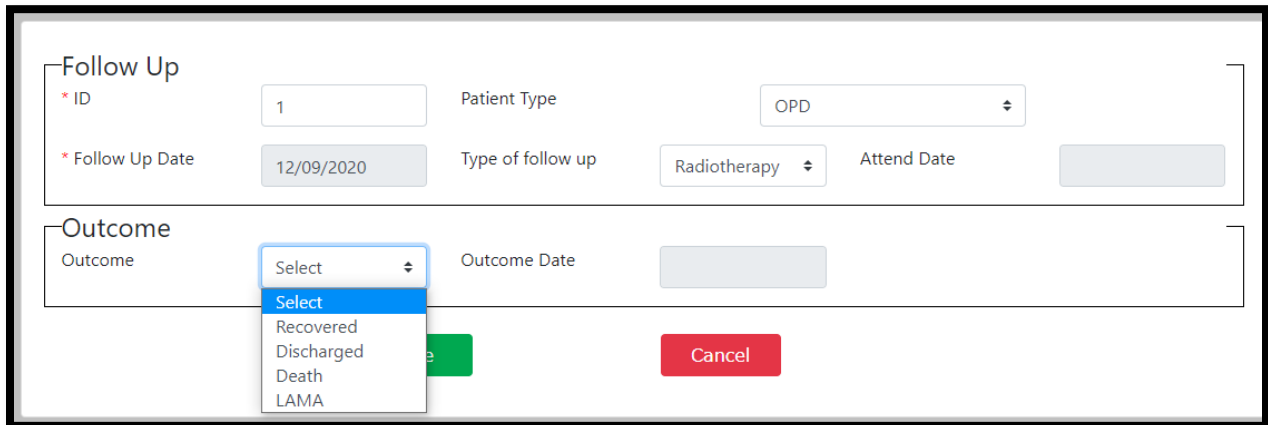

Clicking on 'Follow-up', User will be redirected to the 'Follow-up' page.

User will first select patient ID and selects patient type.

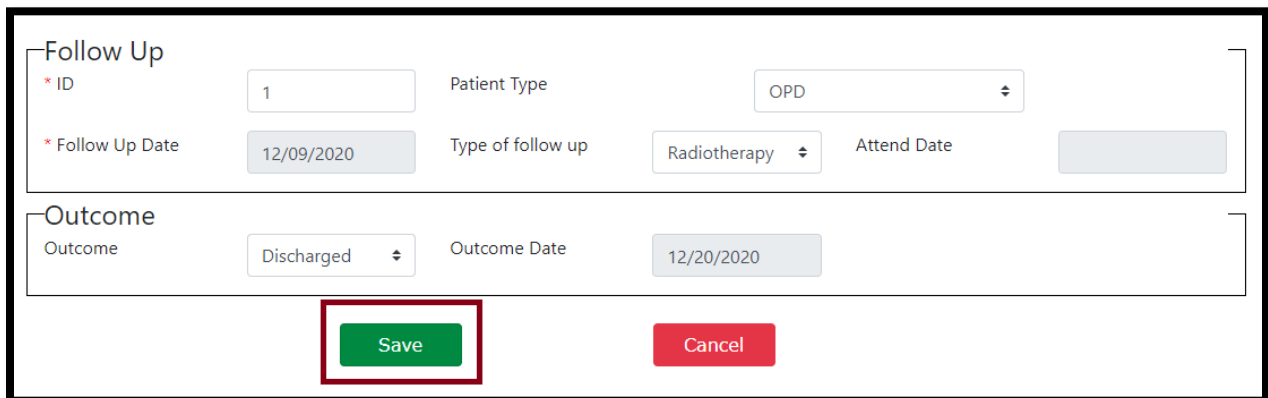

After select patient type, user will enter follow-up date and selects type of follow-up.

After selecting type of follow-up, User will select Outcome of the patient.

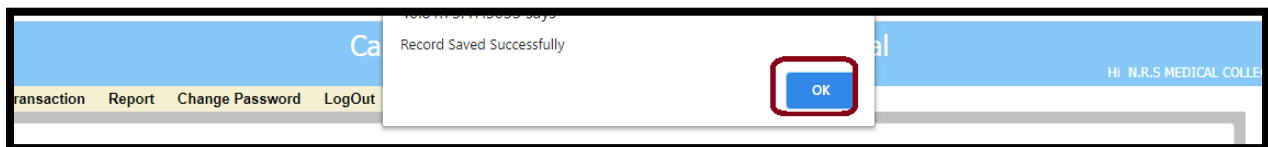

The screenshot shows a web form titled "Follow Up". It contains several input fields: "ID" with the value "1", "Patient Type" with a dropdown menu showing "OPD", "Follow Up Date" with the value "12/09/2020", "Type of follow up" with a dropdown menu showing "Radiotherapy", and "Attend Date" which is empty. Below these fields is an "Outcome" section. The "Outcome" dropdown menu is open, showing options: "Select", "Recovered", "Discharged", "Death", and "LAMA". The "Outcome Date" field is empty. At the bottom right, there is a green "Save" button and a red "Cancel" button.

After selecting outcome, User will enter outcome date and press save button.

The screenshot shows the same "Follow Up" form. The "Outcome" dropdown menu is now closed, and "Discharged" is selected. The "Outcome Date" field now contains the value "12/20/2020". The green "Save" button is highlighted with a red rectangle, and the red "Cancel" button is also visible.

Clicking on save button, a pop up will arise for its confirmation. User will click on ok button which saves the follow-up of the patient

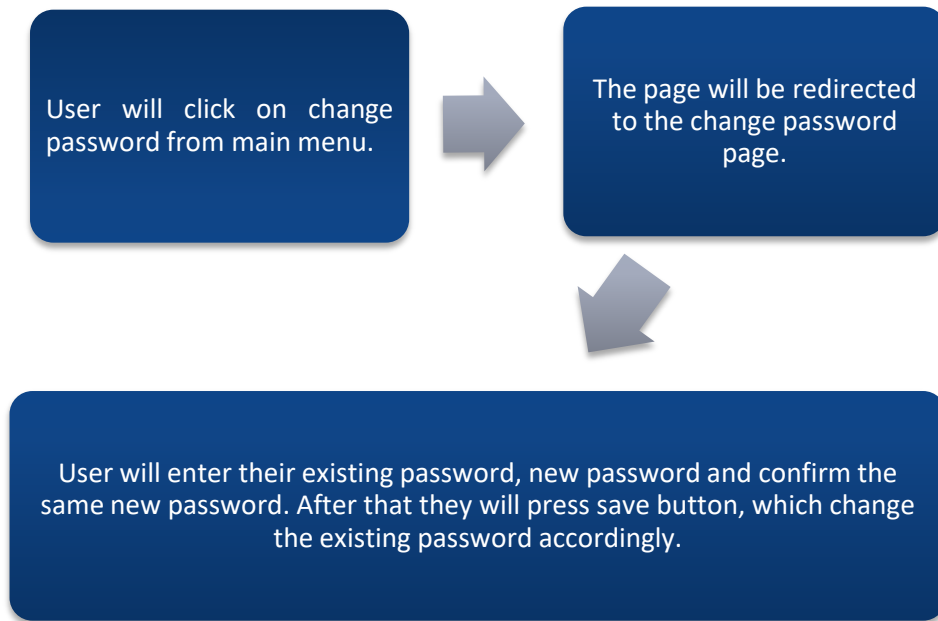

The screenshot shows a confirmation pop-up dialog box. The message "Record Saved Successfully" is displayed. At the bottom right of the dialog box, there is a blue "OK" button highlighted with a red rectangle. The background shows a navigation bar with links: "Transaction", "Report", "Change Password", and "LogOut".

4. Change Password

This section of User Manual shows how a user changes their existing password. Detailed information is elaborated in 4.2.

4.1 Process Flow

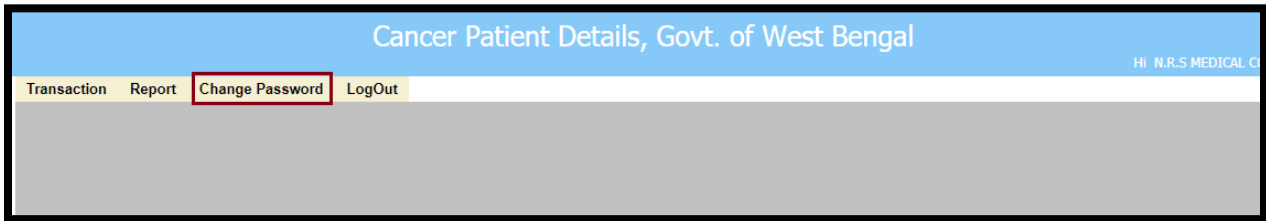

4.2 Detailed Steps

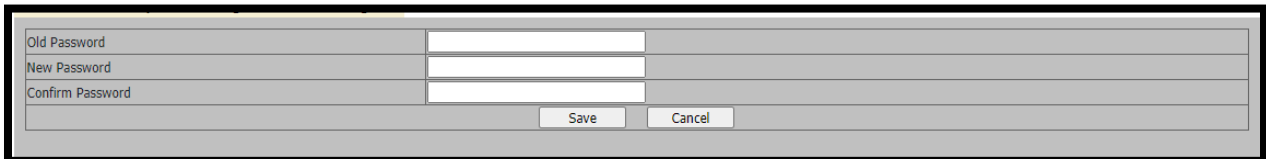

- ❖ User will click on change password from main menu.
- ❖ The page will be redirected to the change password page.
- ❖ User will enter their existing password, new password and confirm the same new password. After that they will press save button, which change the existing password accordingly..

4.3 Screenshot View

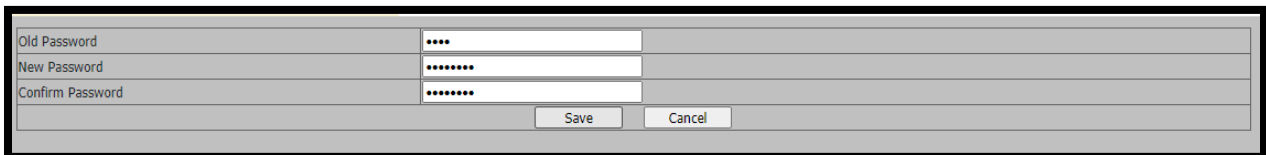

User will click on change password from main menu.

The page will be redirected to the change password page.

A screenshot of a web form for changing a password. The form has a light grey background. It contains three input fields: "Old Password", "New Password", and "Confirm Password". Each field is currently empty. Below the input fields are two buttons: "Save" and "Cancel".

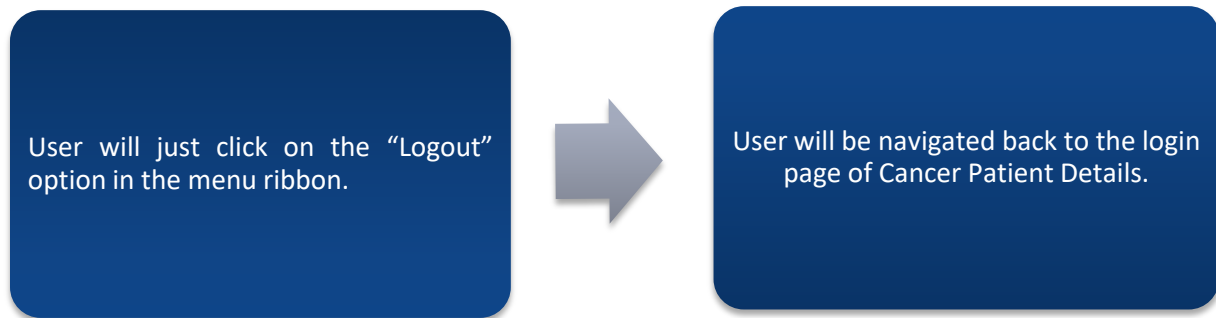

User will enter their existing password, new password and confirm the same new password. After that they will press save button, which change the existing password accordingly.

A screenshot of the same web form as above, but now the input fields are filled with masked text. The "Old Password" field contains four asterisks (****), the "New Password" field contains eight asterisks (*****), and the "Confirm Password" field contains eight asterisks (*****). The "Save" and "Cancel" buttons remain at the bottom.

5. Logout

The User will be able to logout from any screen he/she is viewing. The User will just click on the 'Logout' button which will navigate User back to the login page.

5.1 Process Flow

5.2 Detailed Steps

- ❖ User will just click on the "Logout" option in the menu ribbon.
- ❖ User will be navigated back to the login page of Cancer Patient Details.

5.3 Screenshot View

User will just click on the “Logout” option in the menu ribbon.

User will be navigated back to the login page of Cancer Patient Details.
